Dayananda Sharma P V

Java Full Stack Developer

sharmadaya2172000@gmail.com

7760197876 Bengaluru

Profile

MCA graduate with a solid foundation in software engineering, problem-solving, and technical support. Proficient in java, database management, and web development. Eager to leverage skills in Core java, OOPs, and SQL to innovative software solutions

Skills

- **Java** (Core Java, OOPs)
- **Concepts:** MVC, REST APIs, ORM, Exception Handling
- **Frameworks:** Spring, Spring MVC, Hibernate, JPA
- **Web-Technology:** HTML, CSS, JSP, Servlets
- **Database:** MySQL
- **Tools:** Git, Maven, Eclipse / IntelliJ, Apache-Tomcat, VS code, MySQL Workbench

Languages

- English
- Kannada
- Telugu
- Hindi

Professional Experience

Full stack Developer
Trainee – Workz Company
08/2025 – 2026 | Bengaluru

- Developed RESTful web applications using Java, Spring MVC
- Implemented CRUD operations using JDBC / Hibernate / Spring JPA
- Integrated MySQL database and wrote optimized SQL queries
- Gained hands-on experience in various software programs, increasing proficiency and expanding technical skill set

Technical Summary

• Proficient in Java with strong knowledge of **object-oriented programming concepts** including methods, constructors, interfaces, exception handling, collections framework, and **Java 8 features**, along with a foundational understanding of basic data structures.
• Experienced in developing responsive and user-friendly web interfaces using **HTML**, **CSS**, **JavaScript**, and **Bootstrap**.
• Proficient in **MySQL** with strong hands-on experience in **DDL**, **DML**, **DQL**, and **TCL**, including writing optimized queries using joins, subqueries, and aggregate functions to manage, analyze, and maintain relational databases efficiently while ensuring data integrity and performance.
• Familiar with industry-standard development tools and environments such as **IntelliJ IDEA**, **Visual Studio Code**, **MySQL** Workbench, and **GitHub** for version control and collaborative development.

Education

Master of Computer Application(MCA)
Bengaluru City University
02/2023 – 11/2025 | Bengaluru
Aakash Global College of Management & Science

Projects

Realestate Management
07/2025 – 10/2025
Designed and developed a comprehensive web-based real estate management system to streamline property listings, client management, and transaction processes
Backend Development: Implemented RESTful APIs using Spring Boot framework with proper MVC architecture, java class
Frontend Implementation: Developed using HTML, CSS, and JavaScript **Server:** Apache Tomcat
Development tools: IntelliJ IDEA , VS code
